DECISION

SUBJECT: Amendment to No.142429/12-7-2021 Environmental Terms Approval Decision of the project "Electric Transmission line (T.L.) of 400 kV for the connection of the Ag. Nikolaos High Voltage Substation with Distomo High Voltage Substation" in the Municipalities of Levadia and Distomo - Arachova - Antikyra of Viotia Region.

THE DEPUTY DIRECTOR-GENERAL FOR SPATIAL PLANNING AND ENVIRONMENTAL POLICY DECENTRALIZED ADMINISTRATION OF THESSALY AND CENTRAL GREECE

Taking the following into consideration:

1. The Law.3852/2010 (Government Gazette 87 A) "New Architecture of Self-Government and Decentralized Administration – Kallikrates Programme".
2. Presidential Decree 138/10 (Government Gazette 231 A/27-12-2010) 'Organization of the Decentralized Administration of Thessaly - Central Greece.'
3. The Law 1650/86 (Government Gazette 160/A) "For the protection of the environment" as amended by the Law 3010/2002 (Government Gazette 91/A/25.4.2002) and the Law 4014/2011 (Government Gazette 209/A/21-9-2011).
4. The Law 4014/2011 (Government Gazette 209/A/21-9-2011) "Environmental licensing of projects and activities, regulation of arbitrariness in connection with the creation of an environmental balance and other provisions of responsibility of the Ministry of the Environment", as applicable.
5. The Law 4635/2019 (Government Gazette 167/A) "Investing in Greece and other provisions".
6. The Law 4685/2020 (Government Gazette 92/A) "Modernisation of environmental legislation, incorporation into Greek legislation of Directives 2018/844 and 2019/692 of the European Parliament and of the Council and other provisions".
7. The Law 4042/12 (Government Gazette 24/A/13-2-2012) "Criminal protection of the environment – Harmonisation with Directive 2008/99/EC – Framework for the production and management of waste – Harmonisation with Directive 2008/98/EC – Regulation of matters of the Ministry of Environment, Energy and the Department of Environment and Climate Change'.
8. The Law 998/79 on the protection of forests and woodlands in general (Government Gazette 289/A/29.12.1979) as amended and in force.
9. The law 3028/02 for the protection of Antiquities and Cultural Heritage in general (Government Gazette 153/A/28.06.2002).

10. No 170225/2014 Ministerial Decision. (GOVERNMENT GAZETTE 135/B) 'Specification of the contents of environmental authorization of Category A projects and activities...'
11. The Law 2244/7.10.94 (Government Gazette 168/A/94) on "Regulation of electricity generation issues from renewable energy sources and conventional fuels and other provisions".
12. No. 2916/09 Joint Ministerial Decision
13. The Law 3468/27.06.06 (Government Gazette 129/A/06) on "Production of Electricity from Renewable Energy Sources and Cogeneration of High Efficiency Electricity and Heat and Other Provisions".
14. The Law 3851/2010 (Government Gazette 85/A/04.06.2010) on "accelerating the development of Renewable Energy Sources to address climate change and other provisions in matters of competence of the Ministry of Environment, Energy and Climate Change".
15. The Presidential Decree 1180/81 (Government Gazette 293/A/6-10-1981) 'On the regulation of matters relating to the establishment and operation of industries, crafts, all kinds of mechanical installations and warehouses and the protection of the environment in general'.
16. The No. 69269/5387/24-10-90 JMD (Government Gazette 678/B/25.10.90) as applicable.
17. The No 1958/2012 MD (Government Gazette 21/B/12-1-2012) Classification of public and private works and activities into categories and subcategories in accordance with Article 1(4) of the Law 4014/21.09.2011 (government newspaper A'209/2011)", as amended and in force.
18. The No 37111/2021/2003 JMD (Government Gazette 1391/B/29-9-2003) "Determination of a way to inform and participate the public in the process of adopting environmental conditions for projects and activities".
19. The No 11764/653/17.3.06 JMD (Government Gazette B'327/17.3.2006) "Public access to public authorities for the provision of information on the environment, in compliance with the provisions Council. Replacement of No. 77921/1440/1995 JMD (B'795)'.
20. No.104247JMD (Government Gazette 663/B/2006) "For the preliminary environmental assessment and evaluation process (P.E.A.E.P.) and Environmental Terms Approval (E.T.A.) projects in accordance with Article 4 of Law 1650/86 as replaced by Article 2 of Law 3010/02."
21. No. 104248/ JMD (Government Gazette 663/B/2006) "For the content, supporting documents and other data of the Environmental Impact Pre-Studies (E.I.S.), Environmental Impact Assessments (E.I.A.) as well as related environmental studies, for renewable energy sources projects."
22. The No. 15277/23-3-2012 MD (Government Gazette 1077/B/9-4-2012) "Specialization of procedures for the incorporation into the Environmental Conditions Approval Decisions or the Standard Environmental Commitments of the Intervention Approval Legislation provided for by the provisions of the Forest Legislation, for projects and activities of categories A and B of the Ministry of Health with No. 1958/2012 (Government Gazette 21/B /13.1.2012), in accordance with Article 12 of LAW 4014/2011".
23. No. 26298/2003 (Government Gazette 1469/B/10-10-03) Decision of the Ministry of Spatial Planning and Sustainable Development.
24. No. 49828/08 JMD (Government Gazette 2464/B) "Approval of a specific framework for spatial planning and sustainable development for renewable energy sources and its strategic Environmental Impact Assessment "
25. The No.1094/10310/22-1-2018 Decision appointing a Deputy Head of General Directorate Spatial and Environmental Policy of the Decentralized Administration of Thessaly – Central Greece.
26. Our No.142429/12-7-2021 Environmental Terms Approval Decision.
27. The request of 27-8-2021 of "MYTILINEOS S.A." with which they submitted an environmental study to our service for the modification of the relevant ETA Decision (26).
28. Our document to the company concerned for the submission of one (1) further study folder, following a completeness check, after which the submitted study was considered complete.
29. The application of 3-9-2021 of "MYTILINEOS S.A.' with which they submitted one (1) more study folder.
30. The fact that from the examination of the evidence submitted in the study file shows that, in the light of the proposed modifications to be made within areas not covered by the provisions of the forestry legislation, namely:
 - The slight change in routing of the 400 kV power transmission line.

- The abolition of three (3) pillars and the construction of five (5) new ones.
- the removal of two (2) road sections of 315 m in length and the construction of three (3) new ones, a total length of approximately 675 m,

there is no substantial change in the environmental impact of the operation of the project; and therefore, no new Environmental Impact Assessment is required.

DECIDE

We are amending of No.142429/12-7-2021 our decision approving environmental terms of the project "Electric Transmission line (T.L.) of 400 kV for the connection of the Ag. Nikolaos High Voltage Substation with Distomo High Voltage Substation" in the Municipalities of Levadia and Distomo - Arachova - Antikyra of Viotia Region, replacing paragraph A as follows:

A. DESCRIPTION OF ACTIVITY

A.1) Type and size of activity

This Environmental Impact Study concerns the construction and operation of new 400 kV Electricity Transmission Line, Agios Nikolaos High Voltage Substation (HVS), - Distomo High Voltage Substation (HVS), for connecting the Agios Nikolaos High Voltage Substation (HVS) with the Distomo High Voltage Substation (HVS), in the context of the connection of the New 826 MW Agios Nikolaos Power Station with the National Electricity Transmission System (System), at Agios Nikolaos HVS. The new 400 kV Electricity Transmission Line will have a total length of approximately 14,06km and will consist of forty-four (44) High Voltage pylons.

The proposed in this study projects, concern the following:

- Construction of new 400 kV High Voltage Electricity Transmission Line of total length Approx. 14,06 km
- Construction of forty-four (44) new High Voltage pylons.
- Opening of forest roads, with a total length of approximately 9.160 m, to suit needs of the construction and operation of the new Electricity Transmission Line, including 7,294.61 meters located within woodland areas.
- Development of an area of 1,265 square meters, for cabling systems under the terminal pylon (Π42) of the Electricity Transmission Line
- Execution of works - addition of equipment for the connection of cabling systems area, to the Agios Nikolaos High Voltage Substation (HVS).
- Connection of the new Electricity Transmission Line. with the Distomo High Voltage Substation (HVS) (connection of the terminal pillar of electricity transmission line, to the terminal scaffold, of the available portal in the Distomo High Voltage Substation (HVS).

The total intervention area within forest areas, is estimated at 80.728.83 sq. m.

A.2) Group, subcategory and type in which the project is classified

Classification under No. DIPA/oik37674/10.08.2016 (Government Gazette 2471/B/2016) M.D., as applicable :

Group 11th, a/a 10, Sub-category A2.

A.3. Coordinates of the project and intervention area

The geographical coordinates of all the pylons of the High Voltage Transmission Line 400 kV, in the Greek Geodetic Reference System 1987 (GGRS'87):

S/N	GGRS '87	
	X (m)	Y (m)
Scaffold	385280,033	4254960,755

For any other issue, our approval decision of environmental terms and conditions No 142429/12-7-2021 remains valid.

The required by law publication of the Environmental Terms Approval Decision of the project (ETAD), takes effect via its uploading at the website "www.aepo.ypeka.gr (as referred to in Article of the Law 4014/2011, as in force, and to the 21398/2012 Joint Ministerial Decision (JMD).

According to art. 8 of Law 3200/55 [L. 2503/97 (Government Gazette 107 / A), article 1 par. 2], there is provision for appeal against our present decision, before the Minister of Environment and Energy within a period of thirty (30) days from the date it is notified.
